

RevSpring Prime™ Membership Management

Employer-Based Membership Programs

As employer-direct and DPC programs expand, operational complexity grows with them. Frequent roster updates, eligibility changes, recurring billing, and employer reporting quickly overwhelm manual processes. RevSpring Prime Membership Management transforms membership management into a unified, automated platform that enables scalable growth without increasing administrative burden.

Unify eligibility, intake, membership, and payments in one connected platform

Centralized program visibility

Centralize employer rosters, membership status, billing, and revenue visibility across programs and locations.

Automated rosters and renewals

Automate employer roster syncing and recurring billing to reduce manual reconciliation and ensure eligibility aligns with active employees.

Real-time membership verification

Surface real-time membership verification directly within intake workflows to prevent service disruptions and improve operational accuracy.

Integrated merchant processing

Streamline payments and reconciliation through integrated merchant processing built into the platform.

Scale Without Adding Complexity

RevSpring Prime replaces fragmented systems and spreadsheets with a single interface that connects eligibility, intake, membership management, and payments.

Automation reduces administrative lift, improves data accuracy, and creates predictable recurring revenue—allowing organizations to grow employer-based programs without adding proportional staff or operational strain.

RevSpring Prime Results

Reduced administrative burden across membership workflows.

Improved membership status and billing accuracy through real-time verification.

Predictable recurring revenue through automated renewals.

Stronger employer relationships enabled by transparency and self-service.

Scalable growth without increasing operational complexity.

Membership Management + Payments

Eligibility, intake, membership, and payments—managed in one connected platform.
